

MULTIPLIER EVENT: CONFERENCE ITALY

On 30th of September 2017 was held in Guglionesi, Molise Region, the Italian multiplier event of the project. At the closing conference there were more than 50 people who appreciated the materials developed within the project. The Deputy Mayor of Guglionesi intervened, replacing the Mayor Bartolomeo Antonacci.

The event was also organized in collaboration with the Union of Municipalities of Basso Biferno. Tito Livio Mongelli presented the project goals and the packages developed for trainer and trainees, focusing on the practical utility for young people looking for work.

Between the speakers also the President of InFormare Giuseppe Vaccaro and Prof. Antonio Cantalupo teacher to Montenero di Bisaccia secondary school Teacher has also intervened and proposed to reuse the kit for the orientation for the students of all the schools of the province.

The participants covered many different fields such as Cultural Associations, teachers, students, social workers, cultural mediators, civil service volunteers, etc ... and made a positive evaluation of the materials produced.

The dissemination of the materials of the project was very effective. All, teachers and stakeholders, have positively assessed the quality of the materials produced and hope for a continuation of the project and the creation of additional materials.
